RE: Dodd - Frank Act Compliance

This letter is to advise our customer base of US Button & Emsig . current status regarding compliance with the Dodd-Frank Act as a supplier of plastic buttons and buckles.

Our company is fully aware of this legislation and are continuing to conduct due diligence of our supply chain to ensure that our products are compliant.

At this time we can state that to the best of our knowledge that both we, our resin suppliers, and our pigment suppliers are not using any Conflict Metals in our products as defined by this legislation.

Many Thanks

Burt Elliott
